SKILL

- ReactJS
- VueJS
- Express
- Three.js
- PHP
- WordPress
- MongoDB
- MySQL
- Unity3d
- 3D Modeling
- Animation

EXPERIENCE

Passion Republic - Game Developer

Mid Valley City, Malaysia

August 2019 - June 2021

Spearheaded the development of a highly acclaimed Unity-based game, integrating advanced 3D modeling and animation techniques

Designed and implemented complex gameplay systems using JavaScript and C# to deliver immersive player experiences

Collaborated with 3D artists and animators to optimize asset pipelines and achieve stunning visual fidelity in the game

Played a key role in the successful launch of a major MMO Knight title, contributing to its critical and commercial success

Actively participated in knowledge-sharing initiatives and conducted workshops on Unity, 3D modeling, and animation for the development team

Kode Digital Experts - Frontend Developer

Kuala Lumpur, Malaysia

July 2021 - July 2023

Collaborated with cross-functional teams to develop and implement responsive web applications using React.js and Vue.js.

Translated UI/UX designs into pixel-perfect and interactive web pages.

Optimized website performance by implementing best practices and optimizing code.

Conducted code reviews to maintain high coding standards and identify areas for improvement.

Worked closely with backend developers to integrate frontend components with the server-side infrastructure.

Implemented automated testing using Jest to ensure code quality and identify bugs early in the development cycle.

- dance

Kode Digital Experts - Fullstack Developer Kuala Lumpur, Malaysia July 2023 - Present

Developed and maintained web applications using React, Node.js, and MongoDB.
Implemented responsive user interfaces using HTML, CSS, and JavaScript libraries.
Built RESTful APIs for seamless communication between front-end and back-end systems.
Collaborated with UI/UX designers to create intuitive and visually appealing interfaces.

EDUCATION

Universiti Teknologi Malaysia - Skudai, Johor, Malaysia Master of Information Technology September 2014 - July 2019

Course

Bachelor of Computer Science / Master of
Computer Science / Master of Information
Technology

ACHIEVEMENT

Leadership Roles

March 2021 - January 2022

During this period, as a team leader, I overcame many challenges and successfully completed MMO game projects, contributing to the company's development.

<https://github.com/tophusna/SOM>

Successful Product Launches

August 2023 - February 2024

During this period, I was personally responsible for completing a comprehensive volunteer site (CityJabber) that optimally searched for the locations of all volunteer units, including major hotels and restaurants in the United States, and made reservations for the relevant services.
